### **III. Abstract Preparation**

#### **1. Abstract size and number of pages**

One A4 page per presentation.

#### **2. Preparation instructions**

If you submit your abstract online, we accept only the PDF file format (maximum allowable size: 1 MB). If you mail in your abstract, all the information (text, figures, and tables) must fit on a sheet of A4 page size.

#### **3. Printing**

Proof of your abstract will be made in black and white with the direct plate making process. In this process, the abstract will be reduced to B5 size. In the course of your abstract preparation, please be aware that the quality of your figures (such as photos and graphs) may be degraded by the printing procedure. Also please be aware that the clarity of certain images, particularly color photos and figures, can be severely degraded.

#### **4. Abstract format (refer to the figure)**

Your text and additional material such as figures and photos need to fit in an area of 250 mm (vertical) x 170 mm (horizontal). The top margin should be 20 mm. Give the title of your presentation in the first line. Underneath the title, list the author names and their affiliations. Place the abstract content below the author information. In the case of multiple authorship, place an asterisk (\*) to the left of the presenter's name. The spacing between the title and the body text should be 20 – 25 mm. We strongly suggest that you use a two-column format (left column → right column) for the text.

## 5. Copyright

All the information (such as figures, tables, and text) that appear in the meeting proceedings are the copyright of the Meteorological Society of Japan.

## IV. Guidelines for Presentations

### 1. Presentation types

Your presentation can be given either as an oral (including special topic sessions) or as a poster presentation.

### 2. Limit on the number of presentations

Each presenter is allowed to give up to two presentations. However, no two presentations can be given on a very similar topic. If a problem arises in regards to this restriction, the Committee on the Spring and Autumn Meeting Oversight will take appropriate action.

### 3. Selection of the presentation method

You can select the presentation method (oral / poster) at the time of your presentation. However, please note that we cannot always accommodate your request due to various logistical issues. If the method of presentation is not identified at the time of application, the Committee on the Spring and Autumn Meeting Oversight, at its discretion, will assign a presentation method.

#### **4. General information for oral presentations**

Same amount of time is allocated for each oral presentation, and will be indicated in the meeting program. The time allocation is determined by the Committee on the Spring and Autumn Meeting Oversight, and is based on the total amount of time allocated to oral presentations divided by the number of presentations.

#### **5. General information for special topic sessions**

- Special topic sessions are scheduled to take place on the afternoon of Day 1 (Wednesday, May 21) or Day 4 (Saturday, May 24).
- The length of each presentation in a special topic session will be determined by the session conveners and will be indicated in the meeting program.
- The application deadline for a presentation in a special topic session is the same as that for a presentation in a general session (Tuesday, February 4 for on-line applications; Tuesday, January 28 for mail-in applications).
- Special topic session conveners will review the abstract submitted and will determine if the presentation can be given in one of the special topic sessions.
- If a submitted presentation is deemed not suitable for any of the special topic sessions, then the presentation will be considered for inclusion in a general session.
- For more information on the individual special topic sessions, please refer to “V. Themes and Objectives of Special Topic Sessions”.

#### **6. General information for poster presentations**

- Time allocated for poster presentations is approximately one hour. No other events will take place during the poster presentation sessions.
- Presenters are responsible for posting and removing their posters.
- Space allocated for each poster is approximately 130 cm (vertical) x 90 cm (horizontal). A poster does not necessarily have to consist of one sheet. It can be prepared on a number of small sheets and arranged on the poster board on the day of the presentation.

## **7. Use of equipment for your presentation**

- For oral presentations (including ones in special topic sessions), a PC projector can be used. The use of any other visual equipment is not allowed.
- If you are planning to use a PC projector for your presentation, please note the following:
  - The presenter must bring his/her own PC. Only a projector and a connection cable will be provided in the presentation room.
  - The connection from your PC to the PC projector needs to be checked during the recess before your presentation session. If you are uncertain about the connection, please inform a staff member at that time.
  - In cases of equipment failure and/or connection problem between your PC and the PC projector, your presentation may be deferred to a later time in the session at the discretion of the chairperson. It is your responsibility to have a backup file on a portable medium for any unforeseen contingencies.
- If you wish to use an audio-visual equipment in the poster presentation hall, please let us know which equipment and how it is to be used at the time of your presentation application. We will attempt to accommodate your request within the logistical limitations of the presentation hall.

## **8. Other information**

- The meeting program will appear in the April issue of *Tenki* and on the meeting website.
- Session chairs for the oral presentations are usually chosen from the presenters in each session. The Committee on the Spring and Autumn Meeting Oversight will take on the task of choosing candidates to be the chairpersons.

## **V. Themes and Objectives of Special Topic Sessions**

### **1. Memorial session for Professor Takio Murakami: Toward a significant breakthrough in the monsoon dynamics and tropical meteorology**

Dr. Takio Murakami, Professor Emeritus at the University of Hawaii, passed away on July 16, 2013. Prof. Murakami, who is a celebrated scholar in the fields of monsoon dynamics and tropical meteorology, contributed a great deal to the development of

those fields and also dedicated himself to the improvement of the status of Japanese tropical meteorology in international research community. A lot of Japanese young scientists visited Prof. Murakami's laboratory at the University of Hawaii, worked together and learned many invaluable things from him. This memorial session serves as a step to construct a new paradigm for the monsoon dynamics and tropical meteorology. Any preliminary studies, observational reports, numerical simulations and review in the field of monsoon-related studies are welcome. We recall that Prof. Murakami continuously encouraged graduate students and young scientists in their studies. Thus, presentations by graduate students and post-doctoral researchers are most welcome in this session.

Conveners:

Ryuichi KAWAMURA (Kyushu University)

Jun Matsumoto (Tokyo Metropolitan University)

Tetsuo Nakazawa (World Meteorological Organization)

Akimasa Sumi (National Institute for Environmental Studies)

## **2. The latest research on adaptation to climate change in urban area**

REsearch program on Climate Change Adaptation (RECCA) sponsored by MEXT is prompting researches on the impacts and adaptation measures in urban areas due to climate change, including concentrated downpour, abnormally high temperature, urban heat islands, and the realization of a low-carbon society. The objective of this session is to advance our knowledge through the discussion on the meteorologically important subjects to use high-resolution urban models, particularly on downscaling from mesoscale to building scale, utilizing the precise data on the morphological information including roadside trees and structures, evaluation of adaptation measures in urban area, data assimilation in urban area and so on, which have been developed under the RECCA. However, we invite not only the researches by RECCA group but those by other related studies.

Conveners:

Koji Dairaku (National Research Institute for Earth Science and Disaster Prevention)

Keiko Takahashi (Japan Agency for Marine-Earth Science and Technology)

Satoru Iizuka (Nagoya University)

Teruyuki Nakajima (The University of Tokyo)

Hiroaki Kondo (National Institute of Advanced Industrial Science and Technology)

### **3. Extreme Weather in Urban Areas**

It is recognized that large cities with populations of several million people are inherently vulnerable to severe weather, such as torrential rainfall, lightning, and tornados. An increase in the occurrence of torrential rainfall and giant typhoons, which may be due to global warming, can cause extensive damages to large cities. Thus, the development of extreme weather early detection and prediction system is urgent.

The session will focus on the following three subjects related to extreme weather in urban areas:

1. Studies on extreme weather mechanism
  - a. Development of new technologies
  - b. Mechanism of extreme weather
  - c. Statistical analysis
2. Development of extreme weather early detection and prediction system
  - a. Extreme weather nowcasting and forecasting
  - b. Monitoring and prediction of extreme weather
  - c. Extreme weather data base
3. Social experiments on extreme weather resilient cities
  - a. Rescue services
  - b. Risk management
  - c. Infrastructure
  - d. Education.

Conveners:

Yoshinori Shoji (Meteorological Research Institute)

Ryohei Misumi (National Research Institute for Earth Science and Disaster Prevention)

## **VI. Meeting Presentations by Non-Members**

As a general rule, those who are not members of the Meteorological Society of Japan (MSJ) are not allowed to give presentations at MSJ meetings. However, we recognize that some foreign researchers on short stays or researchers from other

academic disciplines may wish to give presentations at MSJ meetings. For this reason, the Committee on the Spring and Autumn Meeting Oversight allows non-members to give presentations exclusively in the following cases:

1. A non-member is allowed to give a presentation if it is co-authored by an MSJ member. (Make sure that the name and affiliation of the co-author are indicated on the abstract.)
2. A presentation by a non-member in a special topic session is allowed at the discretion of the session convener.

The Committee on the Spring and Autumn Meeting Oversight urges those who intend to present at MSJ meetings on an ongoing basis to become MSJ members.

### **VII. Support for Workshops**

The Committee on the Spring and Autumn Meeting Oversight will support, as best as it can, workshops that are independently conducted by MSJ members immediately before, during, and immediately after the meeting. To qualify for this support, the workshop must be open to all MSJ members. If you wish to receive support for your workshop, please send in your application to the Committee on the Spring and Autumn Meeting Oversight

(E-mail: [kouenkikaku2014s@mri-jma.go.jp](mailto:kouenkikaku2014s@mri-jma.go.jp) ) with the following information:

- Required information:
1. Name and topic of the workshop
  2. Contact information for the representative
  3. Requested time, date, and venue
  4. Expected number of participants
  5. Requested support (e.g., facilities, equipment)

Deadline: Tuesday, February 4, 2014

### **VIII. Child-Care Support during the Meeting**

The meeting executive committee suggests the following child care facility for your use during the meeting:

Laugh Crew Moto-machi Nursery

2F Plaza Ceres Ishikawa

2-64 Ishikawa-cho, Naka-ku

Yokohama 231-0868

URL: <http://www.laugh-crew.net/nursery/motomachi/outline.html>

Service hours: 8:00-19:00

Fee: 2,400 yen per day per child under 3 years of age, or 1,300 yen per day for a child 3 years of age or over. In addition, the following additional costs apply, if requested:

(1) 350 yen per meal per child, (2) 150 yen per snack per child, (3) 150 yen per child for a supplementary meal.

The meeting executive committee is currently considering subsidizing part of the cost. If you would like to request a child care support for the usage of the above-mentioned or other child care facilities, please contact Miki Hattori either by email or phone (see below). The deadline for inquiries is Thursday, April 17.

Contact Name: Miki Hattori (Japan Agency for Marine-Earth Science and Technology)

Email: [msj2014req@jamstec.go.jp](mailto:msj2014req@jamstec.go.jp)

## **IX. The Career Explorer Logo**

### **1. Objective of the Career Explorer Logo**

In recent years, career development among young researchers has become an important social issue. In order to address this issue, MSJ decided to introduce the use of "Career Explorer Logo" during the 2009 Autumn Meeting, with the explicit purpose of supporting job search and recruiting activities among the MSJ members.

### **2. Career Explorer Illustration**

By displaying the “Career Explorer Logo” in your proceedings manuscript or presentation materials, you can inform other MSJ members that you are currently seeking employment opportunities. Electronic versions of the illustration in both color and black-and-white are available on the MSJ homepage.

### **3. How to use the Logo**

When postdoctoral researchers, students, or any other Society members who are seeking employment opportunities give presentations, they may use the “Career Explorer Logo” in their proceedings manuscript and/or presentation materials.

1. Proceedings manuscript: Insert the Logo to the left of the title of your presentation. Please make sure that the Logo is confined to its approved area on the page.
2. Oral presentation: Display the Logo in any highly visible location on the presentation material.
3. Poster presentation: Display the Logo in a highly visible location near the title of your presentation.

### **4. Caution against misuse of the Logo**

1. The Logo can only be used in and for the lecture sessions hosted by MSJ and its members.
2. Refrain from any questions associated with the Logo during oral presentations.
3. The presenter takes full responsibility for the use of the Logo. MSJ is not responsible for any benefits or difficulties that might result from the use of the Logo.
4. The use of the Logo is not allowed outside the appropriateness and the purpose of its intent, as defined by the Society.

## **X. Recruiting Booths**

The Meteorological Society of Japan is introducing “recruiting booths” at meeting sites. This effort is intended to support career development of young researchers and researchers on fixed-term contracts. More specifically, the introduction of these recruiting booths is aimed at providing opportunities for MSJ members such as graduate student members and young researcher members on fixed-term contracts to find appropriate positions in the private sector. Recruiters from private corporations who came forward to participate in this program will be present for direct information exchange. No advance sign-up is required to attend the recruiting booth sessions.

The names of the participating corporations will be included in the meeting program.

### **6. Review**

6.1 The Committee on the Spring and Autumn Meeting Oversight uses a peer review process to decide on the acceptance or rejection of submitted abstracts. Acceptance or rejection of the submitted abstracts is at the discretion of the Committee on the Spring and Autumn Meeting Oversight. If the Committee on the Spring and Autumn Meeting Oversight determines that the content of the abstract is inappropriate for presentation at the meeting for any reason including those listed below, the

Committee reserves the right to reject the abstract.

1. The content of the presentation is plagiarized from the research results of others.
  2. The format of the abstract deviates significantly from the specified format.

- 6.2 The Committee on the Spring and Autumn Meeting Oversight will determine the format of the presentation (oral or poster), while taking into consideration the request of the presenter.
- 6.3 If the Committee on the Spring and Autumn Meeting Oversight rejects a submitted abstract, the Committee will notify the submitter of its decision along with the reasons for the rejection. In this case, the registration fee (or the difference in fee which arises from the resulting change in participation classification) will be refunded.
- 6.4 If the submitter disagrees with the reasons for the rejection of the submitted abstract, the submitter is entitled to only one petition for re-examination of the rejected abstract.

## **7. Re-Examination**

- 7.1 When petitioning for re-examination of a rejected abstract, please submit the following information to the office of the Committee on the Spring and Autumn Meeting Oversight: the name and contact information of the petitioner, the presentation title, the author name(s), and a statement for the reasons the petitioner believes that the abstract should be re-examined (the format of the petition is left to the discretion of the petitioner).

- 7.3 When petitioning for re-examination of a rejected abstract, any modification of the abstract is not permitted. The Committee on the Spring and Autumn Meeting Oversight will conduct a re-examination procedure and notify the petitioner of the result of the re-examination (acceptance / rejection).

## **8. Modification and Cancellation of an Accepted Abstract**

- 8.1 No modification to the presentation format, the presentation title, or the content of an abstract is allowed after its acceptance.
- 8.2 If the cancellation of a scheduled presentation is necessary due to unavoidable circumstances such as illness, a cancellation request needs to be made immediately to the Committee on the Spring and Autumn Meeting Oversight.
