

First circular

The 3rd IWTRC

International Workshop of the Typhoon Science and Technology Research Center

October 21–22, 2025

Hamagin Hall, Yokohama, Japan

The Third International Workshop of the Typhoon Science and Technology Research Center (IWTRC) will be held at Hamagin Hall in Yokohama, Japan, on October 21–22, 2025. This year, it will be followed by a public symposium “Storm Tamers : International Workshop on TyphoonShot”, scheduled for October 23, 2025. We warmly invite researchers in tropical cyclone science to participate in both events.

Keynote lectures

Prof. Zhe-Min Tan (Nanjing Univ.)

Prof. Robert Rogers (AP-TCRC)

Prof. Suzana Camargo (Columbia Univ.)

Image provided by JMA

The workshop aims:

1. To present keynote lectures on cutting-edge research and current scientific challenges by three distinguished invited speakers.
2. To provide a forum for Asian typhoon researchers, especially early-career scientists, to present their work and receive feedback from peers and experts.
3. To introduce past and ongoing activities of TRC and discuss its future directions.

Registration will open in June.

Director of TRC: Hironori Fudeyasu (YNU);

Chair of Local Scientific and Organizing Committee (LSOC): Masaki Satoh (YNU/UTokyo)
