第15巻 2019年8月 目次

Akifumi NISHI, Hiroyuki KUSAKA: The “Karakkaze” Local Wind as a Convexity Wind: A Case Study Using Dual-Sonde Observations and a Numerical Simulation .....	160-165
Minghao YANG, Ruiting ZUO, Xin LI, and Liqiong WANG: Improvement Test for the Canopy Interception Parameterization Scheme in the Community Land Model.....	166-171
Jianbo YANG, Min SHAO, Qingeng WANG, and Xu YANG: A Case Study of the Effect of the Observation Time in 3D-Var on Near-Surface Wind Forecasts in a Limited Region .....	172-177

第15A巻 2019年8月 目次

Special Edition : Extreme Rainfall Events in 2017 and 2018

Akiyo YATAGAI, Kotaro MINAMI, Minami MASUDA, and Naho SUETO: Development of Intensive APHRODITE Hourly Precipitation Data for Assessment of the Moisture Transport that Caused Heavy Precipitation Events.....	43-48
Kazuto TAKEMURA, Shunya WAKAMATSU, Hiroki TOGAWA, Akihiko SHIMPO, Chiaki KOBAYASHI, Shuhei MAEDA, and Hisashi NAKAMURA: Extreme Moisture Flux Convergence over Western Japan during the Heavy Rain Event of July 2018.....	49-54
Yuhei TAKAYA: Positive Phase of Pacific Meridional Mode Enhanced Western North Pacific Tropical Cyclone Activity in Summer 2018 .....	55-59
